ANNUAL REPORT 2024/25

Our LLR MNVP Annual Report 2024/25 is now available to read [here](#).

We hope you enjoy reading about all the work we have accomplished as a MNVP membership.

Your voice and feedback is crucial to help us make positive changes to maternity and neonatal care. Our key achievements would not have been possible without our members and service user input.

Do have a read and let us know if you have any comments! ❤️

Antenatal Education Survey

Thank you to everyone who completed our Antenatal Education survey.

The survey report is available to read [here](#).

The report was shared with the Quality Improvement team at UHL. In response, they will be adding the maternity rights on the Health for Under 5s website in order to increase awareness of maternity rights for parents.

Thoughts**

"Being a member of MNVP gave me an insight of how health care professionals go above and beyond for birthing women to provide a better outcome for a mother and her baby.

Through this platform I am being able to be a voice of those women whose English is not their first language so that all their needs are met accordingly and as a MNVP member I passionately empathise towards women going through mental health such as postnatal depression"

MNVP Members Meeting: Future Plans Update

Date: Wednesday 25th June 2025

Time: 1pm - 2pm

Join us to find out about the future plans of the MNVP and how you can stay involved.

Dear members,

We would like to express our sincere appreciation for your time, effort, and honesty in sharing your experiences of maternity and neonatal care with us. Your participation in surveys, meetings, and focus groups has been incredibly valuable, and we cannot thank you enough for your willingness to speak up and share your story. By engaging in these discussions, you have played an important role in helping us understand the needs and challenges faced by mothers during their maternity journeys.

We understand that your time is precious, and we truly appreciate the dedication you have shown in supporting our efforts to improve care for everyone. Your voice matters, and we are committed to making sure it continues to be heard as we work towards better outcomes for mothers, babies and families.
